PRICES HIT LEVEL, LOWEST IN WEKS

Heavy Slump Follows the Slight Rally Which Came Atfer Wea kOpening.

NEW YORK, Nov. 6 .- A nice little rally right after the opening, which was weak, was followed by a heavy slump on the stock exchange shortly after 11 o'clock, and before 1 o'clock prices were down a level lower than for weeks. Despite the bad news, it seemed to be a manipulated market, for the drop was caused by the dumping of huge blocks of stocks. For instance; when Little Steel hit 55% it commenced to come out in 1,009 and 2,000 share lots, one block of 2,300 shares selling as it touched one-

The worst news of the day was in Great Northern Ore.. 32 311/5 | 311/4 | regard to steel, and came from Berlin, Great Northern pf... 123/5 123 123 12314 | where it is announced that the quota-tions on iron and steel are all off, while more, especially when the small volume of business is taken into consideration and the fact that there are no orders to speak of, the dividend on Little Steel will be very much endangered. Another bad piece of news was the quotation of copper metal in London, which dropped one pound per ton, thus helping to drive down one other of the four market leaders, U. S. Steel.

> low of the week, while it was said that there was small chance of the dividend eing declared at today's meeting the directors.
